ROSSMORE
by SHERRY

The Sherry family have been making furniture under the Rossmore brand name for generations. Our head office is located exactly where we started out - in a village in Co. Monaghan, Ireland.

The company has grown and is now truly international with manufacturing facilities in both Ireland and overseas.

Styles and trends continuously change but our ambition remains the same - to make beautiful furniture that is relevant to peoples' lives. Choose from our wide range of unique designs, classical to contemporary. Mix and match to suit your lifestyle.

Be as individual as you want.

"Good pieces of furniture
are a treasure to inherit.

That's what my grandfather believed.

But my father inherited something more -
a passion for making and shaping furniture, using
his own hands & well-chosen materials to make
his vision come true.

He started a tradition.

We are proud to carry it on."

Brenda Sherry

Furniture inspired by the past but designed for today's homes.

Made from hand-selected hard woods and veneers subtly aged and lovingly polished to bring out the natural beauty of the grain.

Sit back and enjoy the detail. Relax in the comfort and richness of the Colonial styling. Military style handles, dovetailed drawers, exposed wooden pegs, reeded panel doors and a warm cognac finish blend to make Heritage a unique and luxurious range.

Mix and match the rich colonial style with contemporary minimalist accessories to achieve a truly eclectic style.

welcome home...

Please Note

While great care has been taken to ensure correct colour representation of furniture and fabrics in this catalogue, please remember that changes in colour can occur in printing.

Our policy is one of continuous improvement and innovation. It isn't possible therefore to update our catalogue whenever specifications, designs, fabric colours or prices change. Please check with your retailer before placing an order.

Please note; the distressed finish is a feature of this collection.

Care Instructions

Each piece has been sealed and polished with durable lacquers which means you will never need to use sprays to maintain its finish. Regular dusting, and an immediate wipe of a damp cloth to remove stains is all you have to do. We do not recommend you use furniture polish on our furniture as it may react with the lacquers.

We recommend that you use table mats under hot plates, mugs and glasses; and protective pads under ornaments will help avoid any possible scratches.

As with all natural materials, exposure to light will mellow the colour of the wood as time goes by. It is a good idea to move surface objects around occasionally to ensure your furniture matures evenly.
